The nearest international airport to Cadiz is in Jerez de la Frontera (XRY). It is situated around 35km from Cadiz and is easily accessible by motorway, only a 25 to 30-minute drive away.

There are also the followings options:

- By train (there are "cercanías" trains (C1), the schedule can be checked here <http://www.renfe.com/viajeros/cercanias/cadiz/index.html> and Media Distancia trains (MD), the schedule and availability is <http://www.renfe.com/index.html>. Please, take into account that MD trains should be bought in advance.
- By bus (lines M-052, M-050), there is only one per day.

All this information can be checked in this link <http://siu.cmtbc.es/en/horarios.php>: Timetable for by Origin and Destination, Origin of the route Municipality: Jerez de la Frontera, District: Aeropuerto, Destination of the route Municipality Cádiz, District, Cádiz.

The next closest airport is situated in Sevilla (SVQ), and is called 'San Pablo'. This airport is situated about 120 km from Cadiz, taking between an hour and an hour and a half to get there, depending on traffic. Also, there are Media Distancia trains (MD) that connect Seville with Cádiz, but these trains do not stop in the airport. It is necessary to take a bus from the airport to the train station Sevilla-Santa Justa and there, take a MD train. We recommend to buy the ticket of MD train in advance, it can be done in the webpage <http://www.renfe.com/index.html>.
